“ Pam I will never forget how blest I was to have had the good fortune of knowing you. You were so special and so kind hearted to our patients and everyone you came in touch with. I will never forget how you kept our patients warm with the gift of all those harts gloves and scarves and how much fun we had trying the goofy ones on ourselves and our patients. They loved you as much as any of the therapists. Your therapy was the best. And to all of the wonderful animals that you saved the lives of. I will miss you so much. You are one in a million and god just couldn't wait to hold you again. Love you Pam, cindy
